CySat Senior Design Team

sdmay21-25

Report Period: Aug 17-30, 2020

Summary of Progress in this Period

- Created a slack channel for fast communication
- Met with team and decided on the following roles:
  > Alexis Aurandt: OBC Lead
  > Alex Constant: Ground Station Front-End Lead
  > Chandler Jurenic: Payload Lead
  > Jeffrey Richardson: ADCS Lead/Team Lead
  > John Lenz: Radio Lead
  > Scott Dressler: EPS Lead

  Additionally, decided on a SCRUM project management style and planned to look into tools for project management (JIRA, Azure, GitLab Issues)

- Virtual Meeting with Dr. Phillip Jones (faculty advisor) and Bryan Friestad (former CySat Team Lead). Discussed high level project expectations and reviewed introductory CySat material.

Pending Issues

- None

Plans for Upcoming Reporting Period

- Prepare for lightning talk on September 9th.
- Receive access to repos and CyBox materials from Dr. Jones. Review elements of repos relevant to team members' lead subsystems.
- Reach team consensus on project management tools.
- Set recurring time for weekly meetings with Dr. Jones.
